Full Itinerary

Your Bali tour will take you southeast from Ku De Ta Seminyak to Legian, where you'll arrive at one of the island's best spas. You'll get to pick from a list of treatments (at your own cost), anything from a Shiwa Balinese massage to a Balinese Boreh body mask, with 60 to 90 minutes specifically set aside for you to relax and enjoy! Spa treatments have long been practiced locally on the island, and today, Bali is a world-leader in such indulgences — so you're in the right place for pampering!

Then, with your mind mellow and your body blissed-out, we'll stop for a 3-course lunch at the spa café, where you can fill up on delicious dishes like Sumatran-style beef or snapper cooked in white wine.

After lunch, we'll head to the home of a local *mangku* (priest) for a spiritual healing and meditation session. Ibu Mangku practices the ancient art of spiritual healing and meditation, and she'll lead you through a private ceremony to help unlock your unconscious. What's more, female priests are quite rare in Bali, so a meeting with her will be an extra special experience! This ceremony can be quite emotional for some people — it's not uncommon for some participants to cry during the process. However, the *mangku* will care for all participants and explain to those affected how they can continue their healing after they've

left her home and temple.

We'll then depart the *mangku's* house and travel back into Seminyak for stops at two spas: a popular women's spot for hair treatments and mani-pedis, and a men's barber for cutthroat shaves, hair treatments, and athletic massages. Pick your treatment preference (at your own cost) and indulge!

With everyone pampered, blessed, and relaxed, we'll head to one of the best bars in Southeast Asia for a sunset cocktail (or two — trust us, you won't be in a rush to leave!).

Lastly, throughout it all, you'll be travelling in retro-cool style, in a modified 1980s VW Kombi limo equipped with a sound system, 2,000 tunes to choose from, a mini bar, and wifi and charging ports and cables (so that you can upload all those jealousy-inducing Instagrams, of course!).

If you need a taxi to get to the meeting point, our local guides recommend the [Blue Bird taxi app](#) as the easiest way to get around.
