## Full Itinerary

---

Get ready to work with your hands, tap into your creativity, and make something special to take home from Krakow — all while giving back to the local homeless community.

Our tour starts at Wolnica Square in a small pub serving craft beer from a local, mountain microbrewery. It's an ideal place to get to know each other and find out more about local culture and history.

Next, we'll cross Krakow's pedestrian bridge where you'll get some of the best panoramic views of the city, and find ourselves in the local district Podgórze, one of the greenest areas of the city, filled with unique attractions that most visitors don't typically experience.

After a short walk around this neighbourhood hearing about its fascinating history, we'll visit *Żywa Pracownia* (Alive Space), a local folk art centre known widely for the goodness and empathy of its staff and a beautifully decorated interior. This is where it's our turn to get creative!

Following instructions given by specialists at the centre, we'll have the opportunity to make some unique souvenirs according to designs and ideas that are more than 100 years old. We will be working with different tools and up-cycled, natural materials to create our souvenirs, making them even more special. If you get hungry, we'll also be snacking on some handmade Polish cake while we work.

Besides having fun, eating homemade cake, and creating an unforgettable, handmade souvenir from Krakow, we will discover the important story behind the place where we're working and its mission to help homeless people in the community. In short, just by participating in this tour, you'll be providing up to five bowls of hot soup to people who need it.

After the tour, the handmade souvenir in hand, let us know if you need suggestions for what else to see and do in the area — we're always happy to help!

*This tour is priced for a minimum group size of two travellers. A solo traveller may still book this private experience but will be charged the base rate for two travellers.*
