Full Itinerary

Start your day on the water with a tour of some of the barrier islands and sights around Miami in Biscayne Bay - such as Monument Island, Star Island, and the Cruise Ship Port. See where the rich and famous call home in South Florida - the aptly-named Star Island. Learn about Miami's most popular celebrities such as Gloria Estefan and Shaquille O'Neal. And discover how this man-made island has transformed into one of the hottest addresses in the city.

Then we'll head back out to open water, making our way to Sandy Island - or perhaps one of the other many sandy cayes surrounding Miami - and the perfect spot for views of the city and maybe even some swimming. Take time with your guide to collect some shells, explore the small trails, enjoy a dip, or just relax on the beach and soak up some rays. You're welcome to bring a snack of your own to enjoy at this stop.

After your island time, we'll take a leisurely ride up the Miami River past the highrises of downtown Miami! Your guide will point out the architectural highlights of the iconic skyline, with the best views looking up from the water.

Finally, we'll make our way back towards the dock. Depending on the time of day, we may have time to stop into one of our favorite spots for lunch or a sunset happy hour beverage.

When your tour is over, and after you've found your land legs again and made memories that will last a lifetime, your guide will be happy to give you recommendations for other restaurants or other attractions throughout the city.
