Full Itinerary

You'll meet your guide for the evening at the world famous South Beach. Not only is this beach beautiful and picturesque, it's also located in one of the hottest neighborhoods in town. Famous for its colorful Art Deco architecture, South Beach has been home to Miami's nightlife for many years - and been featured in movies such as *The Birdcage* and *Baywatch*.

You'll work with your guide to set up the opportunity to learn several dance styles. If you'd like to start with the classics, try the Cha Cha, Rumba, or Mambo. These dances have been popular since World War II, when Cuban influences hit the American shores. You can also try more fiery rhythms such as Salsa, Merengue, or Bachata. Originating from the Dominican Republic and Cuba, these dances are exciting joyrides no matter where you're dancing them. You might also learn a bit about Reggaeton. This style of music, originating in Puerto Rico, combines hip hop, Latin and Caribbean influences to make it one of the most high-energy music genres around!

After you've had your intro to Latin dance – either on the beach or in the park - you'll head out for the evening to try out the steps you have learned! Your guide will be with you all the way, in case you need a refresher at any time. Depending on the

mood of the evening, we could head to any number of nightlife spots. Whether you'd like to dance to a live band, an energetic DJ, or a little of both, your guide is sure to choose the best dance spots for you and your group. You could spend the evening getting lost in South Beach's dance scene or head over to Little Havana to see what's on offer there.

While you're out, make sure to try a delicious cocktail or two (we hear it really helps some people loosen up for dancing). Since it's a Latin night, why not taste a mojito, caipirinha or a local craft cocktail?

After you have danced the night away and made memories that will last a lifetime, your guide will be happy give you recommendations for other bars, restaurants, dance spots or other attractions throughout the city.
