Full Itinerary

There is only one stop on this very special wine and food tasting experience: our enoteca of choice is mere minutes away from the world-famous Colosseum and Basilica of San Clemente.

The location is a unique, underground room with a centuries-old brick vaulted ceiling, and we think it provides the perfect atmosphere to drink, eat, and compare notes on fabulous wines.

The wines you will try have been specially curated for our private tour and are amongst the best available in the province of Rome and Italy with a focus on organic, indigenous grape varieties.

The cesanese grape variety is a particular highlight as it really can only be found in the hills surrounding Rome and is thought to be one of the oldest vines still in cultivation.

A medley of small bites and delicious local cheeses will perfectly complement the wines that will be served to you. Learn more about local wine and food culture.

Once our experience ends if you are looking for other recommendations, your local guide will be very happy to help.

This tour is priced for a minimum group size of two travellers. A solo traveller or group smaller than two may still book this private experience but will be charged the base rate for two travellers.
