Full Itinerary

Your San Sebastian cycle adventure begins in the historic street of Reyes Católicos. After meeting your guide and getting acquainted with your new wheels, we'll head towards historic Maria Cristina bridge, the first bridge to be built in the city.

Next, we'll glide through one of the city's busiest and hippest neighbourhoods: Gros. Here, we'll take time to mingle with the locals and we'll show you where to find the best people-watching spots.

At Cataluña Plaza you'll learn about life in the city, as your guide talks about the cost of living in this popular local neighbourhood.

As you cycle, we'll enjoy stunning views of the Bay of Biscay and admire the brave surfers along Zurriola beach. We will also

pass by one of the most important and controversial buildings in San Sebastián, Kursaal — boasting a glamorous history.

We'll follow the contemporary Boulevard that separates the Old Town from the new part of the city and head towards La Concha beach, one of Europe's most beautiful beaches where we'll stop to appreciate the views. Learn why there are so many small trees in this area, and how a local legend connects San Sebastián with Japan.

The *bidegorri* bike path is next; we'll follow the route along La Concha beach up to the palace of Queen Maria Cristina, before arriving at one of the locals' favorite beaches in the city: Ondarreta.

From there, your San Sebastián sightseeing bike tour takes you to the end of the bay, where nature meets civilisation. Discover some Basque modern art before veering through one of the city's oldest, most authentic neighbourhoods and toward a "secret passage" that connects two parts of the city. Ride through districts that show the many faces of San Sebastián, from the workers' city to the aristocratic belle époque of the past. Follow the Urumea River back to the city centre, passing villas and bourgeois palaces.

Our tour ends here, if you are hungry, Reyes Catolicos is a great place to find some food. Or join our [Pinxto tour](#)! Before you go, don't forget to ask your expert local guide
