Craft beer in the USA is a rapidly growing industry and one that we at Urban Adventures happily support. On this dog-friendly brewery tour, we'll explore the wonderful world of craft beer as we visit some of the best brewery tap rooms in Long Island City, Queens (just over the river from Manhattan). You'll discover everything you need to know about craft beer and meet some adorable local dogs, too.

Everyone of the drinking age is welcome on this tour, whether you are a dog owner or not. Together we'll learn all about the brewing process, what kind of ingredients go into making a killer pint, what to look out for when distinguishing between different varieties of beer, and how to taste a craft beer like an expert! You'll come away from this tour with all the pro knowledge you need to turn yourself, and your friends, into craft beer aficionados.

There are now more than 40 breweries across the city and many feature neighborhood taprooms with the freshest beer. And as was the case historically, these taprooms are a place for the local community (and their dogs) to come together. Be a part of this local beer renaissance.

Proceeds from this tour go to a local dog rescue.

Please note: This is a dog-friendly tour. Guests are welcome to bring their own dogs but it is not a requirement. Guests should be prepared to be around dogs at various points throughout the tour. If you are going to bring a dog, there is a maximum of one dog per person.
