With the success of the hit musical Hamilton, we've created a very special private tour to help people understand how an

illegitimate immigrant finds his way to New York, remakes himself, and becomes one of our most brilliant, charismatic, and controversial founding fathers! Walk in the footsteps of Alexander Hamilton through New York City's oldest neighborhood, the financial district, and discover how this famous New Yorker has his fingerprints on nearly every landmark these streets have to offer.

Your adventure with a local guide by your side begins at Trinity Church, where Hamilton was buried as a result of one of the darkest days in American political history. Learn how Hamilton arrived in America on the eve of a revolution and quickly became one of the most influential minds of his day, only to be shot dead before his 50th birthday.

We'll stop by Zuccotti Park and uncover how more recent revolutionary movements like Occupy Wall Street trace their roots to Hamilton's ambitious plans for American prosperity.

Next, we'll learn how Hamilton's role as America's first Secretary of the Treasury ultimately led to the creation of the New York Stock Exchange. Across the street sits Federal Hall, where Hamilton looked on as George Washington was sworn in as our nation's first president and where he served in the first cabinet

We'll then check out the two Wall Street skyscrapers that still stand as reminders of the epic feud between Hamilton and Burr, one emblazoned with the name of one of our more recent politicians and local celebrities, Donald Trump.

Finally, we'll make our way down the first paved street in New York City to one of the oldest bars in town where Hamilton himself used to drink with George Washington, and we'll raise our own glass to freedom and to Hamilton.

Along the entire route we will discover not only Hamilton's history in New York but also how he came to epitomize the American Dream, created the modern world we live in today, inspired many of our wealthy leaders who continue to shape the city and world, and finally, how he wrestled with the questions of wealth, privilege, and power in ways that are just as relevant today as they were in the 1700s.

*(If you'd prefer to travel as part of a regular group experience, please book our [Hamilton Happy Hour group tour](#).)*
